## PUBLIC PARTICIPATION PLAN

### INTRODUCTION

The Town of Round Lake has begun the Comprehensive Planning process in conjunction with Wisconsin's "Smart Growth" legislation. The creation and adoption of the Public Participation Plan is the first step in the process as designated in the Comprehensive Planning statute:

"The governing body of a local governmental unit shall adopt written procedures that are designed to foster public participation, including open discussion, communication programs, information services and public meetings for which advance notice has been provided, in every stage of the preparation of a comprehensive plan. The written procedures shall provide for wide distribution of proposed, alternative or amended elements of a comprehensive plan and shall provide an opportunity for written comments on the plan to be submitted by members of the public to the governing body and for the governing body to respond to such written comments."

Wis. Stats. §66.1001(4)(a).

This Public Participation Plan is designed to satisfy these statutory requirements and to achieve the highest possible level of public participation. The Town recognizes that public participation is a vital component to a successful planning process. The Town of Round Lake's Public Participation Plan forms the basic framework for achieving an interactive dialogue between local, state, and federal decision-makers and the citizens of the Town of Round Lake. This plan outlines the public participation strategy for the development, evaluation, and eventual adoption of the comprehensive plan for the Town of Round Lake and will apply throughout the local planning process leading to the adoption of the Town of Round Lake Comprehensive Plan.

### PUBLIC PARTICIPATION GUIDELINES

#### General

The main goal of the Public Participation Plan is to make the citizens of the Town of Round Lake aware of the progress of the comprehensive planning process and to offer the public opportunities to make suggestions and comments during the process. To reach these goals, the Town of Round Lake has adopted the following plan to encourage public participation through the planning process. Taken individually, the activities described in this plan are not expected to reach and inform each and every resident and property owner of the Town of Round Lake. Collectively, however, the plan activities are designed to effectively and efficiently provide a broad-based dissemination of information and maximize the opportunity for citizen involvement and comment.

The majority of the public participation activities will focus on public information, education, and input. Public meetings will provide opportunities for the public to openly discuss comprehensive planning issues with planning committee members, town board supervisors, and consultant staff. Formal public hearings will also be conducted as part of the plan adoption process to allow public testimony to be made regarding the comprehensive plan. During the comprehensive planning process public meetings will be held at the Town Hall, a location convenient to all citizens of the Town of Round Lake. Other public participation activities may be explored to inform and receive input from residents that may not be able to attend public meetings and hearings.
