

## Town of Round Lake Plan Commission – Minutes regular session July 27, 2016

- 1.) The meeting was called to order at 6:45pm by Chairman Rolfe Hansen. Present were Denny Picchietti, Blake Olson, Carol Bacon, Jim Sokup, Rolfe Hansen, and Vickie Palya.
- 2.) The agenda was approved with a motion by Denny, second by Carol. Motion carries.
- 3.) The minutes of the regular meeting of May 25, 2016 were approved with a motion by Jim, second by Carol. Motion carries.
- 4.) No audience members present.
- 5.) a.) Jim noted that the water on Round Lake is said to be the highest it has ever been and wondering if the water is high due to the large amounts of rain or is the dam at Osprey Lake blocked. Jim would like to: 1. Find out if this is the highest the lake has ever been. 2. How much rain have we had this season. There will be a meeting of the Round Lake Property Owners Association on 8/13/16. On 8/12/16 Jim, Doug Kasina from the DNR, Kay, and Sandy are going to meet at the Busse Road Boat Landing regarding the possibility of improving this landing. Jim is also curious about when the bike signs are going to be installed. b.) Denny brought up that perhaps Northwest Planning can combine the rustic roads, color tours, and bike routes into one map that would show where the routes are and where the routes go when they leave Round Lake. Rolfe will check on this. c.) Carol is concerned about water testing of private wells due to the recent flooding in the area. Also of concern is fertilizer running into the lakes. Carol will talk to Tim Siedl at the County about this problem. d.) Blake has been monitoring lakes in the Cable area and has become interested in preparing something for the website that would address the continuing problem of invasive species. Blake is also interested in making newcomers to the town aware of building and zoning codes. e.) Vickie is still looking for a project to contribute to the commission.
- 6.) Motion to adjourn at 7:30pm by Vickie, second by Blake. Motion carries. The next meeting of the Plan Commission will be September 28, 2016 @ 6:30pm.

Respectfully Submitted – Vickie Palya
